2016-09-20 Minutes - Meeting #2

20 Sep 2016 at 18:08

Attendees

- Yaya Lu
- Amy Blunt
- Ash Wang
- Jay Hansen
- Sylvester Shan
- Demi Chen
- Faizan Siddiqui
- Jack Adamson
- Tesis Zimmer
- Nick Sifniotis

Guests: Abbie Wade, Chris Claoue-Long, Tyrus Caldeira

Apologies: Michael Bennett

Absent: none

Committee Reports

Treasurer's Report

- **Started a finance channel on Slack**
  - Before anyone plans to spend any money on the bank card, please put the proposal in the #finance channel saying how much you're going to spend and what it's for.
  - Please post again after you've spend the money as well, saying how much you spent, and also put the receipt in the folder, with the reimbursement form attached.
  - This makes it easier for Faizan Siddiqui to go through the folder see what's been spent.

- **Discretionary spending**
  - It is currently $100 for exec
  - Currently $10 for committee members to purchase things such as cleaning supplies, when necessary, with discretionary spending
  - Make sure when using your CSSA bank card, that it is through Credit or Paypass. Make sure it is not through Savings.
    - So we can keep track of who spent money on what, since it will show the last 4 digits of your card
  - Try to keep discretionary spending to a minimum - only on a need-to-basis
  - Regardless of how small the amount you spent, it is always a good idea to make sure people are aware you're spending it. This is what the finance channel is for.
    - This is so we know what the money is spent on

President's report

Executive Meeting Discussions

We had a meeting recently with the exec, went over some basic things we agreed on.

- **Expectations**
  - When we have a meeting, we expect all members to show up to every meeting
  - We will be relatively strict about attendance in meetings, and apologies are expected if you can't come.
  - It can't be an excuse e.g.
    - *Illegalitimate reason:* "I partied too hard last night" or "I have plans to hang out with a friend"
    - *Legalitimate reason:* "I have an exam on today at this time"
  - We highly encourage participation in meetings
    - Don't use social media
    - We want you engaged
  - As a committee member, we expect you to create a welcoming environment for everyone in the common room
  - Be kind.
    - Think about what you say, and how it will affect others, because we are role models of the CSSA.
    - We help create the environment and if we do something wrong, it means others might do the same.
  - Don't be afraid to ask for help when you are struggling, it is a lot of work.
    - I have done it, it is a lot of work, you are not alone.
  - Communication is really important. If you have a question, message us about it. Don't be afraid to, we are here to help each other!
  - We also expect you all to fulfill the roles and responsibilities you are given
    - e.g. If you are Common Room Rep, make sure that the Common Room is a safe and incredibly welcoming place
    - e.g. If you are Social Rep, get a lot more people in here
    - e.g. If you are International Rep, get International students here

- **Legal Matters**
  - When something goes wrong, it comes down to us as a committee. In the end, it does fall into the Exec as a problem. We want to avoid this.
  - If a problem ever arises, we want to make sure the CSSA comes before friends, so make sure you remove the friendship dynamic to it.
    - Remove the CSSA so you can carry on fixing the problem as a friend.
    - This sounds harsh, but we are liable for anything that happens in the common room, so we need to make sure that things are fine on that front before taking care of our friends, even if it sounds bad.
  - If anything happens, don't be afraid to close the room for the rest of the day, just make sure you inform everyone, and get the message out that the room is closed, so no one opens it accidentally.
    - It's a nice way to remove the CSSA from the issue
    - Some people might be upset, but it's mainly for the safety of everyone and us
  - If something does go wrong, please let me or Ash Wang know.
    - We want to be up to date and know what's happening otherwise it makes things very difficult.
  - In addition to that, Ash Wang will almost always be on campus because he lives here, so that means that if there're any major disputes or conflict, and you need an executive member to come in, give him a call or message him on Slack, and he'll probably come in.
    - If there's a problem, we will make sure someone can come help, you don't have to fight through it on your own.
    - If you see someone doing something in the room or if you think someone is doing something wrong but you're
not sure if you should do something, don't be afraid to send a message to someone informing them of the situation and ask them how they should act upon it.
• That means you'll have the extra reinforcement to know whether you can or should act upon the problem. It's a form of reassurance.

- Complaints
  • Please inform Amy Blunt of any complaints
  • When you have a complaint, check to see if they want to be anonymous about it, treat it with the most respect you can, ask if they would like to follow through with the complaint.
  • Ideally complaints will be in writing, because then we can have something to show as proof that this is exactly what the person said and these were what they said about their issue about whatever is happening
  • Also try not to have the complaints themselves be anonymous, we don't mind if they don't want to reveal their identity, but as long as we have one point of contact we can refer to, if we want to address the issue and get in contact, it's ok.

- Access
  • Make sure all emails are in one place
  • Once you have access, use the CSSA email account, try not to use your personal email.
  • If you are unable to use the CSSA account, make sure you CC it in so we get it through the CC account and we have an easy history that we can look through.
  • During the executive meeting, we also came to the conclusion that as of today, Jimmy Fu will be able to enter the room, but will need to keep a close eye on him to check and spot if anything goes wrong, as he has already had his warning. If he does anything wrong, then we will take action.
  • The original ban was until the new committee was established

  **COM-146 - Inform Jimmy he is now allowed in the room, but under condition**

Motion: Amend the joint meeting to fix motion numbers

Moved: Tesis Zimmer

Seconded: Amy Blunt

Passed Unanimously

**Motion carried (Resolution 2017/04)**

</tr>
</tbody>
</table>
Around 35 signed in and out, so not everyone that attended signed in or out (head-counting, there were ~50-80 attendees)

The cost breakdown of this event is:
- Income: $30 on drinks
- Expenditure: $120 on food, + gas (~$80), approximately $160

Details about this event:
- Problems
  - Some non-COMP2310 students came to Hancock West to study, and were told they couldn't study there
- What went well:
  - Tutors were nice and helped students well
  - The barbeque was good
- Improvements and things to do differently in the future
  - More advertisements
  - More bread (some people took two slices at a time)
  - Check gas
  - Better signage and push sign-in - try to tell Lecturers to remind their students to sign in to the study events, and have people checking when students arrive
  - Should also create a set up and pack up checklist for the study events, as we forgot to grab some of the markers and whiteboard markers and now they're gone

**COM-147 - Checklist for setup and pack up of study events**
- Demi: DONE

Ja has offered to assist.
- Leg on the barbeque has fallen off, needs to be replaced. The barbeque is definitely unsafe.

### Thurs 6th October 12pm (day before EGN)

**Universal Lunch Hour**

**Amy Blunt**

- All food is provided, quantities have been suggested
- Utensils, barbeque and shade are also all provided
- We need to make sure we have Advertisements for EGN printed out and ready to hand out at the Universal Lunch Hour
  - Flyers with the same design as the EGN poster
  - Tyrus Caldeira will do the advertisements for EGN. This includes the Universal Lunch Hour ones.
  - Posters should contain location, time, things that will be happening
- **Tyrus:**
  - COM-148 - Provide EGN advertisements and posters to hand out during the Universal Lunch Hour

- Suggested there to be 6 volunteers on the day
  - People who have committed: Demi, Amy, Ash, Tyrus, Yaya, Jay
  - Ask around for anyone else who is interested to help out at the barbeque
- We should go all out with EGN advertising. Make sure someone can't walk through Union Court without knowing about the event.
- We should also advertise the EGN through E-Sports - Jack Adamson can talk to Tyrus about advertisement of EGN
- Unilodge is also a potential place for advertising - give them posters to put up

### Friday 7th October 6pm

**EGN**

**Tyrus Caldeira**

- Facebook event has been up for a month, 30 people have said they are going, around 200 invited
- Have emailed tag and testing people and they have replied, and he's told them the date and time
- Posters are done, just need sponsors - Reload, Barracks, GamesCapital.
  - Messaged Guild, RevolutionCD, ImpactComics, Steam, Valve, for other potential sponsors
- I'll order pizzas this Friday through Dominos
- EGN is already in the newsletter
- Asked Hugh to run an AOEII event
- Asked David Quarel to get Xanatic tournament running, and he has posted this on the Facebook EGN page, so people can easily log into the guest account and download Xanatic tournament as well.
- I have talked to Leon about Smash, and Smash Bros. I'll follow up with Smash to see if they're coming. Usually just one guy turns up with the stuff and they start playing.
- The help desk has 3 projectors available for the day, and I've told them I would like to use them and give them back to them on Monday. We will lock the projectors in the compactus over the weekend.
- I have also messaged ANUSA for BKSS about if they have any projectors, and they haven't replied to me yet
- **Sponsorship**
  - Currently have 3 sponsors
  - COM-154 - Write a blurb for the newsletter regarding the EGN

**DONE**
- Prizes
  - GamesCapital: 4x $30 vouchers
  - Small toys
  - A few Steam codes
- Created forms for volunteering and crowdsourcing, running on the Facebook event page
  - Have 3 volunteers currently, and 2 have put up their stuff for crowdsourcing
  - Will inform the volunteers about what I need, how to set things up.
- For the other information, Under JIRA -> Projects -> View all projects -> EGN, will be a backlog of 2 days before the event
- I will need access to the room from the 6th-7th for the whole day
  - Will need to find someone to stay in the common room for the night of the 6th-7th, Tyrus will be back on the 7th
- For the moment, just think about getting sponsors,
  - Potentially talk to bigger companies like Razer, Nvidia, and Intel. They all have sponsorship forms on their websites, and email them about the event and giving them coverage.
  - Could be useful for this coming EGN and the coming EGNs.
  - Could create a list of sponsors.
  - Talk to Jack about getting eSports interested
- Will need to talk to Liam about printing posters
- Saturday 24th September, 7:00pm
  - Thank-You Dinner for Previous Committee
  - Amy Blunt
  - Think of having it at the Asian Noodle House at 7:00pm, booking for about 15 people
  - Can walk to the venue if need be
- 22 October??
  - CECS Alumni Event
  - Ash Wang
  - Still getting information about from Chris
  - Will discuss this in the next meeting.
COMP1110 Stratopolous Tournament
- Suggested by Steve Blackburn

Nick Sifniotis

- Talked to him today, Steve wants something like the Kalaha tournament from COMP1100, that is run over a period of time, and reuploads of players are allowed
- At this point, I am not sure what form the event is going to take.
- Steve's going to get back to me.
- I've asked Steve about the date, he's indicated that he's trying to get the hardware to me by the end of the week.
- I can confirm that Steve's providing the prizes
- Steve will try to get the hardware to Nick by the end of this week
- Prizes will be provided by Steve
- Money-wise, we may need money for food for the event, and would be looking at catering for 20-30 people
  - We could do something like a sausage sizzle

22 November 2016

Sydney Trip

Nick Sifniotis

- Code of conduct is currently being written for the trip
- Expect to open up registrations and sales by the end of this week
- In terms of companies
  - Finally have found a contact with Microsoft, have reached out to them
  - Waiting to hear back from IBM, Palantir, Xero, HP
  - Currently have Google, Atlassian and Accenture confirmed
- Accommodation deposit has been paid for
- Transport will be finalised later, won't get any information until Thursday
  - Have word from an alternative supplier for $4500 for a bus for the four days, but not entirely convinced since that is a lot of money
  - Perhaps if we can get the price to below $3000, we will consider it
- Concerns
  - Expect to see $1750 from ANUSA soon, and then the remaining $1750 after the event - but this might be subject to change due to a recent resignation, so we might end up seeing a total of $1750 rather than $3500
  - This would require us to find alternative sources for funding, which could be difficult
  - Will need to watch this space and look into it later, to discuss next meeting
Defence tech talk
Nick Sifniotis
- This is a remnant from the previous committee
- Defence sponsored us $1000 at the start of semester, that includes tech talks. So last term or during the holidays, we were thinking of hosting them late September but it didn’t work out, so suggested for them to come in the next few weeks
- Original date (Thurs Week 8) is not applicable now, so will need to move it to a later date
- Try an alternative method for tech talks, perhaps host the event at 6pm instead of 2pm.
  - Can’t hurt to try, was discussed during the OGM
  - Defence will have to agree to come at 6pm, otherwise 4pm or 5pm is a possibility, sometime in the afternoon

Agile Workshop
Nick Sifniotis
- Instructor is happy to do a 3 hr workshop on Scrum techniques e.g. with marshmallows and spaghetti
  - A interesting workshop, and a lot of people could get something out of it
- Workshop will probably be free
- Will need to work out appropriate dates, since it is a 3 hr workshop, will discuss this later.
- Dates will need to work with the companies and the schools, and Nick Sifniotis will need to work on dates
- Nick will need to regain access to the CSSA email account
- Should start working on advertising

CSSA Breaks A Record
Jack Adamson
- Tyrus Caldeira leaves at 6:42

Projects, Discussions, Updates & Other Business

### Constitution

There are some things that everyone should be aware of in the constitution when coming to meetings and general meetings. Almost all of this has been outlined in the constitution cheatsheet that Ash Wang wrote up.

The basics:

- There are different kinds of meetings
- Committee Meetings and General Meetings require a simple majority in the committee
  - In this committee meeting's case, it would be 6, as that is over half
  - Simple majorities mean strictly more than half
  - With 11 people, need at least 6 to vote for any motion that requires a simple majority
- There are two types of decision making majorities
  - Simple Majorities - over half
  - Super Majorities - 2/3 or over
- Committee meetings must be held at least once a term and there is no real notice needed, except provide reasonable notice beforehand so committee members can arrive
- General meetings must have at least 10 members of the CSSA show up to be valid, and committee members count.
  - Therefore it is possible to have a general meeting with only committee members in attendance
  - Frequency is of the committee's discretion, and can be held whenever as long as they fulfill the requirements of the general meeting
- Any motion that we want to pass outside of the meeting is a "circular resolution", and that means every committee member must see that resolution, and we need a super majority to pass that resolution.
  - This can be done over Slack.
  - e.g. I want to pass a motion outside of the meeting to have something happen in the common room. I need to post on Slack to make sure everybody sees it, and have enough people agree and show that they are for it, that there is a super majority for this motion, and then it gets passed.
    - Would use a thumbs-up thumbs-down system.
    - Abstain would be something else
    - Alternatively, could have people say whether they are for, against, or abstain.
    - We could implement a proper system for circular resolution through Slack later, but for now that's pretty much how it's going to be.
  - The symbols and their meanings can be decided when creating the motion.

### Common Room Communication

CRO Slack Channel has been working well

- Managed to get a lot of the bot's framework working, currently a lot of the committee who have access to the common room slack received a message this morning saying their next cleaning date
- It would be great if we could get all the committee members to get on the common room slack as well, you don't necessarily need to be a part of the channels, you don't have to listen to anything anyone is saying on there, it's just so that we have a method for the common room bot being able to send you reminders for your cleaning day, and potentially later on having the ability to put things up on the
television to send messages to the slack bot, things like this.

- Current people not on the CRO slack
  - Jay, Sylvester, Faizan
  - Make sure to send Jack Adamson a message on the committee slack with your email address so Jack can invite you to the CRO slack

<table>
<thead>
<tr>
<th>COM-166 - Add every committee member to the Common Room Slack group for cleaning roster notifications</th>
</tr>
</thead>
</table>

Cleaning roster

- Given people have particular days that work for them. Feel like a 2-week roster would be great
- Currently have 16 people cleaning,
  - Suggestion by Jack Adamson: Give the VP and the President no cleaning responsibilities for particular days
    - Jack Adamson would like to implement this

Common Room

- Remember to look out for anyone who is feeling uncomfortable in the room.
  - Anyone who has come into the room, doesn't really feel like they fit in, go up to them and say Hi, welcome to the CSSA.
  - If they've been there before and you don't recognise them, sure it will be a little awkward, but it's better to have a little laugh about it than not welcome someone into the room and miss another member of the CSSA.
  - Be careful about elitism - we all have degrees that we like and are biased about - keep those opinions to yourself or outside of the room.
  - If you don't think highly of someone, that is your own view but you're not required to say it.
  - Make the CSSA a nice place.

Facebook

A suggestion was that the ANU CSSA Official facebook page is purely for advertisments and photos, and that the Facebook group is for computer-science related discussions.

Change it around and have designated areas.

The current system is a bit of a mess, we have problems inviting people to events and advertisments,

- In the past, you could invite all members
- Now, you can only invite friends who are part of the group to the event unless you spend money
- You can also subscribe to hear about CSSA events, but people might not want to subscribe

Couldn't hurt to have both options

- Could have this as a subscribe, and while that's also an option, also have the groups to inform people.
- Is more ways of informing people of events that are happening.
<table>
<thead>
<tr>
<th>COM-167 - Update description in the FB group and pages to reflect changes in emphasis</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>COM-168 - Check with FB reg. promotion costs</th>
</tr>
</thead>
</table>

The page is for...

- Advertisements
- Events that are happening
- The organisation - what we want to show to everyone to show what we're doing
  - e.g. advertising for other societies that request it

The group is for...

- More casual discussions
- Social
- Community-based stuff
  - e.g. advertising for CompCon

Could also promote or do sponsored posts through Facebook, Faizan could look into the prices for this, and we can talk about it next meeting. If we want in the future, we could use the Facebook promotions.

Sometimes we'll get a request from another ANU society about advertising events in the group

This is something to take heart when posting to the page or on the group.

<table>
<thead>
<tr>
<th>COM-239 - Modify the description of CSSA page and group to reflect permission changes</th>
</tr>
</thead>
</table>

Yaya: DONE
COSTCO

We need a person who is able to do the COSTCO runs, get the sodas for the vending machine.

- The person should have a car, and the CSSA should pay for the COSTCO membership for them.
- $55 for a membership
- Role assigned to: Tesis Zimmer
- We will need to get a bank card for Jan.

Motion: Amend the minutes of the previous meeting to include Jan as access to view and to the one-to-sign bank account

- Moved: Amy Blunt
- Seconded: Ash Wang
- For: 9
- Against: 0
- Abstain: Tesis Zimmer
- Motion passed

Motion carried (Resolution 2017/05)

Motion: Place $55 aside for COSTCO membership

- Moved: Amy Blunt
- Seconded: Ash Wang
- For: 9
- Against: 0
- Abstain: Jay Hansen
- Motion passed

Motion carried (Resolution 2017/06)

Running Events

- When we run an event, if it has alcohol or more than 50 people (e.g. study events), we require for there to be a first-aid trained person in attendance.
  - Jack Adamson and Jay Hansen are first-aid trained, and are willing to attend every event. They will need to check the first-aid kit prior to every event.

  COM-169 - Modify the risk management plan to include Jay and Jack instead of Chris and Abbie

- Ash: COM-169 - JIRA project doesn't exist or you don't have permission to view it.

- We have first aid kit, but not sure how well-made the kit is at the moment
- Jack Adamson to check through the first-aid kit to check what is needed and what is not needed
- Will need to work out what costs it will be in the next meeting to approve
- Since we are a society, we have to follow certain rules. Having a risk management plan for over 50 people in attendance is something we have to do regardless of nature of event.
- Jack Adamson's recommended renewal date for the first aid training was a month ago, so he said he should do a renewal.
- We should organise for a later date, something similar to the Mental Health First Aid Training (MHFA) but have first-aid training instead.
  - Will need to have someone look into pricing and where it will be held

- Amy: COM-170 - JIRA project doesn't exist or you don't have permission to view it.

- We went through ANUSA last time for the mental health training, and we could do something with that.

- When running event, it's always good to see what volunteers you can have come along, help out
  - Don't be afraid to ask people for help
  - We have a FB group "CSSA Volunteers", it's a great place to look on to ask for help running an event, especially if you are low on numbers

- Make sure when running an event that you are prepared
  - Have your supplies all ready in advance
  - It would create a smoother and less stressful day for you

- It would be great to have advertising for an event a week or a fortnight in advance
  - Could put it on the walls
  - Facebook channels
  - Look into how we can make it so that advertising's not just within the CSSA building, need to get it out there
  - Could ask lecturers to talk about the event in their lectures
  - Could try to do something in Union Court, put posters up in Union Court, Copland, Unilodge.
- These are things you need to consider when running an event - how to make sure people know about the event
- It's not just posters! It's also you yourself going to people and saying "hey, this event is going to be cool/awesome, come to it please"

- Advice to improve advertising
  - Put items in the newsletter (upcoming events right-most column)
  - Aim to have the next newsletter out before next week.
- Advertising - the earlier the better

Goals

Goals that we as the committee want to achieve over the term

- Increase our awareness of our club to more people, make them more aware of the CSSA and what we do
  - Working with other societies (Fifty50, CECS, ESA, E-Sports, Society for Defense and Security Studies, ANU Criminology Society, ADSS, Maker Club)
    - SDSS invited us to their Paintball Event, and they also do boardgames. Some people here might be interested in what they do as well
    - Could shoot them an email and ask about advertising each other
    - Could ask them to print off a poster for us and advertise
    - Criminology - their Vice-President expressed interest in us creating an "Intro to Cybersecurity and Hacking 101" workshop for people with no computing background
    - This is something to consider when deciding events for the coming year
    - Event with the ADSS tomorrow, Jay:

      COM-171 - Talk to ADSS President and War-Chief about potential collaborations

- Increase involvement from people outside of computer science, but who are interested in computer science
  - “I’ll advertise your events, if you advertise mine”
- Improve our website
  - Chris Claoue-Long has written up some specifications for the website, we had discussed in the previous meeting about getting students at an event to write it up.
  - Faizan Siddiqui's friend has a web development agency and they’ve shown interest in designing the website, so will need a brief budget estimate to give them for the website.
    - They are currently improving the CBRInnovate website, and have shown it is very similar to the CSSA website
    - Faizan will ask them later for a portfolio, could also suggest incentives for them through advertising
    - Faizan:

      COM-172 - Talk to friends about a potential budget for the website, discuss with Nick reg. advertisements

- $500 is provided from ANUSA for assets (Capital Grants) for the common room, posters, anything explaining particular events.
  - We could put this towards the website if we wish to
  - Can claim in 2017, once every year
- We could improve our current brand
  - Rumours regarding people avoiding the CSSA due to impressions about past committees, but this is based on speculation and rumours
- Suggested goals for Industry
  - $20,000 worth of sponsorship
  - Industry brought in $3500, with $1000 through the Careers Fair

Meeting Adjourned 7:38

Meeting Restarted 8:23

Brainstorm

Ways to improve advertising:

- Through e-Sports
- Around Union Court
- Anime&Gaming Society

Updated calendar to reflect suggestions and approximate times for events

Resulting Action items
COM-177 - Get Chris Chow's keys

To discuss next meeting: Fix/replace barbeque?

COM-175 - Work out rest of the times for events
