The United Nations declared World Space Week to celebrate space and commemorate the 1957 launch of Sputnik 1 and the 1967 signing of the Outer Space Treaty. This year also commemorates 50 years of women in space. We invite you to celebrate space and join us for a fun evening at the AIAA Space & Sci-Fi Trivia Night. Bring a team or join a team. Teams of up to 6 persons will compete for some great prizes!

The Fellows a la carte dinners and snacks are available until 8pm with a licensed bar and barista services open until late. Food and drinks are at your own cost.

Members, families, friends and the general public are all very welcome.
